

The **PEL200** is a low-noise compact baler which is ideal for smaller premises or those with limited space for storage of their recyclable waste materials. Waste volume and disposal costs are reduced by up to 90%, allowing for smaller, cleaner, and tidier waste storage areas.

BENEFITS OF THE PEL200 BALER

- PEL200 transforms loose cardboard, plastic and paper into neat compact bales weighing 25-35kg.
- The PEL200 baler is easy to use. Its wide aperture and lever action door handle removes the need to manually breakdown bulky cardboard or plastic.
- The PEL200 is available as a Semi-Automatic and Automatic model.

WHAT OUR CUSTOMER HAVE SAID ABOUT THE PEL BALER PRODUCT RANGE

'We recently installed the PEL high density balers. The balers have increased our recycling rates and made it easier to manage our cardboard and plastic wastes improving efficiency on the floor'

- Ger Murnane - Baxter Healthcare

We have PEL products installed for a number of years, our hotels have saved on disposal costs, labour costs, tidier back of house - these are a range of quality, trouble free machines'

- Niall Kelly - Pressup Group
