

The **PEL3500A** Baler is ideal for pharmaceuticals, supermarkets or any premises producing large quantities of recyclable wastes and requiring a baler producing a bale of 250–350kg. Waste volume and disposal costs are reduced by up to 90%

**BENEFITS OF THE PEL3500A BALER**

- The PEL3500A frees up space by eliminating the requirement for additional waste bins or skips for storing recyclable materials.
- The PEL3500A baler is easy to use. Its wide aperture and lever action door handle removes the need to manually breakdown bulky cardboard or plastic.
- Automatic bale cycle with a 45 second cycle time.

**WHAT OUR CUSTOMER HAVE SAID ABOUT THE PEL BALER PRODUCT RANGE**

'We recently installed the PEL high density balers. The balers have increased our recycling rates and made it easier to manage our cardboard and plastic wastes improving efficiency on the floor'

**- Ger Murnane - Baxter Healthcare**

'We have PEL products installed for a number of years, our hotels have saved on disposal costs, labour costs, tidier back of house, these are a range of quality, trouble free machines'

**- Niall Kelly - Pressup Group**
